Nearly Hundred Cases Heard Before Compulsory Service Tribunal: "We Are Not Here To Listen To Personal Political Views" — Sir H. Pollock

About 100 men were called before the Compulsory Service Tribunal yesterday. All of them, with one exception, were over 40 years of age.

The Tribunal consisted of Mr. Justice R. E. Lindsell (president), Hon. Sir Henry Pollock, K.C., Major J. F. Benoy, Commander W. P. McCarthy, R.N., and Mr. H. V. Wilkinson. Mr. C. B. Burgess, Clerk to the Tribunal was also present.

One of the candidates said something to the effect that he considered the Hongkong Government hopelessly incompetent in their handling of affairs in the Colony but was cut off by Sir Henry Pollock who said, "We are not here to listen to your personal political views."

Another candidate remarked that there were many men appointed to key posts who would be glad of an opportunity to train as anti-aircraft gunners and suggested that arrangements be made to provide the necessary training for the men who sought it.

Mr. C. M. Paure said he was already in the Naval Reserve. He was now employed in the South China Morning Post. He was assigned to the essential services.

Mr. F. A. Morton, of Deacons, was assigned to a key post, as also was Mr. D. Drake, of the Dome News Agency, and Mr. A. Drummond, engineer of the Hongkong Hotel Garage and Mr. Castillo, all of whom brought letters from their employees to the effect that their work was such that they could not be spared for service without inconvenience.

Mr. P. A. Dixon said that he was already in the A.R.P. and was formally enrolled in the essential services.

BACK TO THE NURSERY!

SHANGHAI, Jan. 26 (Reuter).—Announcing that they were boarding the ship "in retaliation for the Asama Maru incident," a Japanese party boarded the Indo-China s.s. Wingsang while she was lying off Foochow on January 24.

The incident was revealed today when a passenger told Reuter: "The Wingsang was at anchor outside Foochow on Wednesday when suddenly a Japanese gunboat nearby fired two shots over the bow. The Japanese came on board and told the captain they were doing this in retaliation for the Asama Maru incident."

"Then, after a few minutes, they calmly left the ship without even effecting a search."

\$50,000 EMBASSY ROBBERY

SHANGHAI, Jan. 26 (Reuter).—Three robbers entered the British Embassy offices in Nanking during the night and stole \$50,000 belonging to a private British concern, it is learned here.

The matter is officially regarded as a plain robbery and has no political significance.

BIG PLOT AGAINST STALIN

LONDON, Jan. 26 (Reuter).—According to the Rome Radio, the Soviet secret police have discovered a vast conspiracy against M. Stalin, M. Molotov and Marshal Voroshilov.

It is stated that mass arrests of high officials and officers have been made throughout the Ukraine.

MORE BALLOON BARRAGES

Special to the H.K. Daily Press. LONDON, Jan. 26 (Havas).—The system of balloon barrages as a defence against air attacks is at present being enforced on a larger scale throughout the country with more than 700 miles of coastline and in the interior.

Several more barrages have been erected along the coast.

Due to bad weather air activity is at present at a standstill and many members of the A.R.P. are erecting these barrages thus swelling the number of the volunteers engaged in these tasks.

MOMENT OF HIGH EXPECTANCY IN FAR EAST: BRITISH PRESS ON WANG'S NEGOTIATIONS AND U.S. TREATY LAPSE

Everything Depends On Aims America Has In View

LONDON, JAN. 26 (REUTER).—THIS IS A MOMENT OF HIGH EXPECTANCY IN THE FAR EAST, SAYS THE MANCHESTER GUARDIAN IN A LEADER DEALING WITH WANG CHING-WEI'S NEGOTIATIONS AND THE LAPSING OF THE JAPANESE-AMERICAN TRADE TREATY.

JAPAN IS TO GET A CENTRAL GOVERNMENT THROUGH WHICH SHE HOPES, WITH HOWEVER LITTLE APPARENT GROUND, TO END THE EXHAUSTING WAR.

A period of unregulated trade relations opens between Japan and the United States.

America now has her hands free to leave trade with Japan as it is, to make it more difficult or to place an embargo thereon.

Everything depends on the aims it has in view.

Ostensibly the United States is only dissatisfied with the way Japan has treated American interests in China but it is generally conceded that the denunciation of the Treaty has a much wider aim.

Referring to the moral embargo on war materials to Japan, the Manchester Guardian says it will now be seen whether the movement for an official embargo will be pursued, and if so, with success.

Referring to Wang Ching-wei, the paper says he is an example, neat as it is familiar, of Japanese statecraft. He will be established as the central government and Japan will then wash her hands of all official responsibility for China's actions though she will rule them.

BASED BY JAPAN

It is significant that the whole agreement is to be based by Japan, on the Anti-Comintern Pact, with the new China.

If Wang should form a central government the Japanese will get from him on paper all that they want. On the other hand, there is no evidence that Wang can deliver the goods.

The struggle will continue and the Japanese doubtless will call it a civil war but it will be the same war as the one now going on between China and Japan.

OIL IS THE KEY TO VICTORY

PARIS, Jan. 26 (Reuter).—Oil is the key to victory. This is the theme of this morning's Paris press.

We must not think that time is working for us, writes M. Charles Morice in Petit Parisien. The present situation facilitates the Reich's plans by enabling her to organise fuel supplies and to build up stocks with an eye to a totalitarian war, which Hitler certainly has not renounced, and will not renounce.

L'ORDRE says that, according to neutral sources, Nazi circles in Berlin consider it certain that the war will degenerate into a war for oil and they are preparing for extension in the near future of military operations into the Caucasus, Iraq, Persia and Arabia.

"This is a warning to England from France, Turkish friendship has never been more valuable. Everywhere the Allied Governments must act only in full agreement with Ankara."

EXCELSIOR, in a partly-censored article, says that recent Rumanian oil export figures show that for 83,000 tons of oil shipped to Germany, 293,000 more were shipped to other countries, via Constanza.

The paper adds that this comparison shows that Germany cannot hope to dominate the Rumanian market, and gives some idea of the importance of Constanza, which is closed to Germany by the blockade.

CHINESE SUCCESSES IN HUPEH CONFIRMED: JAPANESE REPULSED AFTER HEAVY ATTACK

Dissolution Of Canadian Parliament

FRICION SAID TO BE REASON

OTTAWA, Jan. 26 (Reuter).—Friction between the Ontario Liberals, led by Mr. Mitchell Hepburn, and the Premier, Mr. Mackenzie King's Federal Liberals is considered to be the reason for the dissolution of Parliament and the appeal to the country.

The Ontario Legislature on Jan. 8 passed a motion of censure regretting that the Federal Government "has made so little effort to prosecute Canada's duty in the war in the vigorous manner that the people of Canada desired."

The principal election issue will, therefore, be the question of the Government's stewardship since the beginning of the war.

NAZI MINISTERS RECALLED

BERLIN, Jan. 26 (Reuter).—The German ministers to Turkey, Greece, Rumania and Yugoslavia have been summoned to return here for consultation.

ALL QUIET ON WESTERN FRONT

PARIS, Jan. 26 (Reuter).—Quiet conditions continue to prevail on the Western Front and today's communiqué says that there was nothing to report.

Stubborn Resistance In East Chekiang

CHUNGKING, Jan. 26 (Central).—A Chinese military spokesman confirmed the sweeping Chinese success in North Hupeh in the past week, in an interview with the Central News yesterday.

He revealed that more than 10,000 Japanese from Siaokan and Hwangpei, together with the Japanese units at Yingshan and Suishan, launched a vigorous drive towards Kaoheng and Yingchiatien, north of Suishan, in an attempt to capture Tungposhan to relieve the Chinese pressure on Wushengkwan, Sinyang and Changtalkwan in south Honan.

The Chinese withdrew from Kaoheng and Yingchiatien on Jan. 18 to entice the Japanese to penetrate further inland. On the following day, amidst snow and sleet, they launched a co-ordinated

counter-attack, and put the Japanese to flight. Both towns were recaptured.

The Japanese suffered over 4,000 killed and some 8,000 wounded. War spoils captured by the Chinese included 20 guns and over 50 tanks, armoured cars and trucks.

EAST CHEKIANG

KINWEA, Jan. 26 (Central).—Stubborn Chinese resistance is minimising the scope of Japanese activity in East Chekiang.

The Japanese at Yikiao, southwest of Siaoshan, were driven back yesterday morning. Chinese troops in pursuit recaptured Wen-Kayen, west of Siaoshan on the south bank of the Chientang River.

On the Chekiang-Kiangsi Railway the Chinese regained Linpu-chen, south of Siaoshan. Pushing northward, they are engaging the Japanese at Pellutang.

A Chinese counter-offensive succeeded in repelling the Japanese on the banks of the Chientang River to the southeast of Siaoshan.

Lockheed Bombers Flown Over U.S. Soil

French Crews Being Used

NEW YORK, Jan. 26 (Reuter).—Lockheed bombers, bought by Britain, are being flown across the Atlantic to the Western Front, according to the New York Herald-Tribune, which declares that the bombers are being flown over American soil with foreign crews en route to Botwood, Newfoundland, from where they will start the Atlantic flight.

The paper, whose story is stated to be based on information from "high Army circles," says that flights have been proceeding for some time and will continue until the entire British order of 250 planes is delivered.

The paper added that the mode of delivery involves violations of the neutrality law at which the authorities are winking.

AGAINST PROCLAMATION

The paper says that it is against the general neutrality proclamation to permit planes by members of the armed forces of belligerents to fly over American soil or be flown across the Canadian border with American or foreign crews on board.

It is stated that French crews are being used for the trans-Atlantic flights.

O.S.K. REFUSE TO BOOK GERMANS

SAN PEDRO, Jan. 26 (Reuter).—The Osaka Shosen Kaisha, like Nippon Yusen Kaisha, announce that they will refuse to book Germans travelling to Germany, via the Orient.

They declined additional bookings by German by the Buenos Aires Maru, which is sailing for Yokohama today though the liner already has 30 Germans on board.

NECESSITY OF GOOD HARVEST IS STRESSED

Special to the H.K. Daily Press. LONDON, Jan. 26 (Havas).—Recalling Signor Mussolini's recent statement that a good crop is worth as much as a victorious battle, the Minister for Agriculture, Sir Reginald Dorman-Smith stressed the necessity of a good harvest.

"A good crop for the 2,000,000 supplementary acres sown this winter would be of major importance for the conduct of the war and would contribute to an easing of the present efforts of the Royal Navy in conveying food transports," said Sir Reginald.

H. G. WELLS SAYS

"I Would Rather Bomb The Germans Than Starve Them"

LONDON, Jan. 26 (Reuter).—Indignation replaced the customary suavely satirical tone in last night's announcements by Lord Haw-haw (as Germany's chief English-speaking radio announcer is known).

Again and again he returned to the microphone elaborating on the single theme, "For every bomb dropped on Berlin we will drop ten on article contributed by Mr. H. G. Wells to the American magazine Liberty in which Mr. Wells described himself as a pacifist but a realistic pacifist."

He declared that the Germans insisted on being a nuisance to the world. They stopped the wheels of progress and he was convinced that vigorous bombing, bombarding and town wrecking, such as they allowed their Government to inflict on other nations, would be an entirely chastening and wholesome experience for them.

In an interview in London, Mr. Wells asserted that the German radio reaction was evidence of weakness and the scream of terror.

He said they bombed Warsaw ruthlessly and would have done the same to London in September had they dared.

"I would rather bomb the Germans than starve them," said Mr. Wells.

CRICKET NOTES:

OLD RIVALS MEET TODAY
ON SOOKUNPOO GROUNDIndians Should Prove Too
Good For Craigengower

(By "E. U. Ropes")

There should be plenty enough for followers of cricket this afternoon with two matches in the Senior Division of the Cricket League. The Army will be playing Kowloon Cricket Club while at Sookunpoo the annual battle between the two old-time rivals, Craigengower Cricket Club and Indian Recreation Club, will be fought out on what appeared to me, yesterday afternoon, a rather fast wicket.

Dealing with the Army-Kowloon game first, this ought to produce a glut of runs as both teams appear to be stronger in batting than in bowling. The two regular Kowloon opening bowlers, N. D. Lloyd and Robert Lee do not seem to have struck form yet though Donald Anderson has been taking some wickets as first change bowler.

What Kowloon really needs is a fairly reliable left-hand bowler, and as W. L. McKenzie, who has played regularly for their second eleven for many years, is back again from leave, they might do worse than giving him a trial—as a contrast to either Lloyd or Lee.

ARMY BOWLERS

The Army have a few men who can, when they get going, score at a fairly good rate—Capt. Grose, Capt. Godby, Major Harvey and Sergt. Denyer being amongst them. I see that Lieut. Mann is now playing for the Army "B" while Sergt. Shipp, who some years ago was one of their fastest scorers, appears to have deserted the game altogether.

Anderson and Ernie Fincher will probably get most of the runs for Kowloon while Teddy Fincher should also get a few. It is some time since I have seen him batting but I hear he is as sound as ever.

INDIANS SHOULD WIN

The game between Craigengower Cricket Club, and the Indians should be a very close affair, with the odds slightly on the Indians.

It will depend on whether A. R. ("Fatty") Minu will win the toss. If he does he will do well to send the Happy Valley team in, for good as Ernie Zimmerman & Co., are at "staying in," they are not too good at forcing the pace.

On the other hand the Indians have a number of fast scorers in their ranks so that if it comes to a race with the clock, they will stand a better chance of winning if they had to get the runs rather than the wickets.

Y. el Arculli will be making a return to cricket after an absence of some weeks. He batted rather low in the order against the University last week but played a sound innings for 23 runs. He will probably be promoted today but his real value to the side is as a slip fielder. He ranks with the best in the Colony today in this position.

Kasha Nazarin at last got going against the University last Saturday. After he has got his eye in there are few in the I.R.C. who can score as quickly as Nazarin. Of course I do not include A. R. Minu in "these few"—he is so much of the "get them or get out" type that it would not be fair to do so.

THE INDIANS

The Indians will be represented by: A. R. Minu (Capt.), A. H. Madar, S. A. Ismail, Y. el Arculli, M. el Arculli, A. R. Mitchell, K. Nazarin, A. Bakar, A. H. Rumjahn, and A. M. Rumjahn.

ISMAIL NOT BOWLED

I noticed that A. K. Ismail was not bowled by Eric Zimmerman in their match against Kowloon last week. I hear this bowler has gone off altogether. This is indeed a pity, if true, for on his day Ismail is a very awkward man to play, coming down as he does rather square round the wicket.

P. J. Billimoria, who held such terrors for the Indians a couple of seasons ago, has lost a great deal of his sting. Lack of practice, more than anything else, has caused this for I hear that this player seldom gets away from his office before dark.

THRILLING
POLO
WITNESSEDWELL - DESERVED
DRAW

One of the fastest and most thrilling polo matches of the season was witnessed by a large crowd at Boundary Road yesterday when the Mounted Units drew with the Infantry of the Line after leading two-nil at the end of the first chukker and four two at the end of the fourth.

Four goals were scored in the last chukker, the last and equalising goal being shot just a few minutes before the final bell.

Capt. Wilson and Major Hunt were the outstanding players for the Mounted Units while Capt. Burn, Capt. Gilbertson and Lt. Chattey were prominent for the Infantry.

Capt. Wilson opened the scoring for the Mounted Units and Major Hunt increased the score to two-nil before the first Chukker closed. The Infantry scored twice in the second chukker, once through Capt. Burn and again through Lt. Chattey and the bell went with the score level.

SCORE INCREASED
Capt. Wilson and Major Hunt raised the Mounted Units score to four before the end of the third chukker while the Infantrymen were unable to improve their score. The final chukker was most thrilling. The Infantrymen, making a great rally scored two goals through Capt. Burn and Lt. Chattey and Capt. Wilson put the Mounted Units on the lead with their fifth. Just before the final bell, however, Capt. Gilbertson scored the equaliser for the Infantry and the match ended a well-deserved draw.

THE TEAMS:
MOUNTED UNITS:—Lt. Col. Way (0), Capt. W. B. Wilson (4), Major E. de V. Hunt (4) and Capt. R. T. P. Forrester (3)—total 11.

INFANTRY OF THE LINE:—Lt. T. W. Chattey (3), Capt. R. Gilbertson (4), Capt. S. Burn (4) and Major A. S. Godley (2) or Capt. Chattey (1)—total 12.

Part proceeds this year will be devoted to the British War Organisation Fund and the British Fund for the Relief of Distress in China.

A large number of amahs have been visiting the Jockey Club's offices in Exchange Building to purchase tickets. It will be remembered that syndicates composed of amahs have been very lucky for two years running, striking the big prizes.

Macao Races
TomorrowENTIRE PROGRAMME
OF HANDICAP
EVENTS

BY "LAST QUARTER"

The January meeting of the Macao Jockey Club will be held tomorrow afternoon, when the entire programme will consist of handicap events over sprint distances. If all the ponies entered from Hongkong make the trip over to the Portuguese Colony there is a possibility of some keen finishes being fought out.

KANSU HANDICAP

National Triumph should give Eagle some opposition here though I think the latter will eventually win this six furlongs opening event. Cloudy Star can be depended upon to show up well in view of the weight and if Double Up should have improved in form this is the pony to follow for a fair sized dividend.

SZECHUEN HANDICAP

(FIRST SECTION)

Meadow Eve ran surprisingly well the last time and may win here although Fairy Auk and Fairy Ousel are sure to make a bold bid for premier honours especially since the race is only over five furlongs. Shanghai 4 is not out of the race entirely and may be worth following for better money.

CHINGHAI HANDICAP

(FIRST SECTION)

National Anthem should be very close in this event but Gallant Marshal, in view of his recent success at Fanling should also be in the fight at the finish. To those looking for an outsider, it may as well be New Bedford. This grey ran quite well last Sunday at Fanling and is decidedly dangerous. Heddon may place though I am convinced that this black is a "stinker" and not worth backing.

SZECHUEN HANDICAP

(SECOND SECTION)

Merry Fatty, Gold Clause and Merry Maker are my selections for this five furlong event. If you are out for a fair dividend, then put some money on Courseur Bleu.

TIBET HANDICAP

I think that in spite of the weight, 163 lbs., The Tigress should account for this race as she is in first class condition and quite like the Macao course. Talkative is also a fine sprinter and should furnish the chief opposition with Popular Star, as the next best.

CHINGHAI HANDICAP

(SECOND SECTION)

Blaisdon disappointed quite a number of backers at Fanling last Sunday, but this pony did not have all the luck of the race and should therefore make amends here as there is really nothing real good to beat. Rose Day and Persian Cat may show up sufficiently to secure the minor placings.

INTERESTING WEEK-END
SOCCER PROGRAMMEExcellent Fare Promised In
Lai Wah Cup Tomorrow

BY "PILAT"

An interesting football programme has been arranged for the weekend and will include, besides the League games, two matches in the Lai Wah Cup competition and a Senior Shield replay.

On Sunday excellent fare is promised fans when the CHINESE meet the CIVILIANS at Causeway Bay in the second of the Lai Wah Cup encounters.

The Chinese are fielding their strongest possible side, an interesting feature of which will be the return of Lee Wai-tong to his old position at inside-left. Lee, I believe, first made his name in football in this position and, with Swan Kam-shun at centre-forward, formed one of the most dangerous partnerships seen in the Far East. Chan Tak-fai will lead the attack and, with the support of such fine players as Fung King-cheong, Lee, Hau Chung-to and Chung Yung-sum, should have ample opportunity of demonstrating his shooting prowess.

The problem in the selection of the Non-Chinese Civilian team is, the lack of a really good keeper among the civilian clubs. Taylor, who has been given the honour, has played some fine games for the Police and it will be interesting to see how he will fare against the Chinese.

THE GOSANOS

The intermediate line is fairly strong while the preference of B. Gosano, as leader, to A. V. Gosano may have surprised some followers but, in my opinion, "A. V." is better at the inside berth than at centre.

Prior to the Chinese-Civilians game, the Combined Press

LEAGUE GAMES

The League is by no means idle and three games in all are down for decision over the week-end.

On the mainland Kowloon will be at home to South China "B" and though they are always formidable on their own ground the Mainlanders will find it hard to reverse their recent Shield defeat at the latter's hands. The crying need of Kowloon at present is a

centre-forward capable of holding the front line together. Their attack is their weakest department this season and if they can remedy this fault they will go a long way in the League.

Kwong Wah are having a busy time. They will meet St. Joseph's this afternoon, and will take the

HOW NAZIS IN THE U.S. FEED THEIR RELATIVES IN GERMANY

FOOD, CLOTHING DESPATCHED

WASHINGTON, Jan. 26 (Reuter)—The public revelation of the recent enormous growth in the dispatch of food and clothing to Germany has produced a diminution of the feeling aroused by the Anglo-American controversies over the British examination of United States mail.

U.S. CONCESSION

It is believed that the United States concedes the right of Britain to examine parcels, but will continue to dispute the right of Britain to censor letter correspondence.

It is widely known in this country that, since the stoppage of German sailings, German shipping offices have been exclusively engaged in booking orders for food to be bought in Holland and shipped to given addresses in Germany.

This practice enables the Germans here to feed their relatives in Germany and in addition, provide Germany with foreign exchange reserves.

EFFECTIVENESS OF BRITISH CONTRABAND CONTROL

LONDON, Jan. 26 (Reuter)—A veteran Norwegian skipper, who boasted that he had slipped through the Contraband Control in the last war a dozen times, is now in a British port—a tribute to the effectiveness of British control this time.

FAIRLY TREATED

His ship was brought in by the Contraband Control consisting of a seaplane, which spotted his vessel in the near Arctic and which wirelessed a patrol ship ahead to bring him in.

The captain acknowledges, with good spirit, that he had been fairly and squarely treated.

NAZI U-BOAT & FREIGHTER DESTROYED

PARIS, Jan. 26 (Reuter)—A French communiqué states that the German freighter Albert Janus (1,800 tons) was scuttled on being intercepted by one of our patrol ships.

A U-Boat was successfully attacked by one of our patrol ships.

NOTHING TO SAY?

Speculation Over Hitler's Long Silence

LONDON, Jan. 26 (Reuter)—Speculation has been aroused in London over Herr Hitler's long silence, which was only broken by the speech he made on Wednesday night to 17,000 Air Force and Army cadets at the Sports Palace in Berlin. The contents of his speech have not been revealed.

NAZI ANNIVERSARY

Interest is aroused in the possible plans for the celebration on Jan. 31, which is the anniversary of the Nazi coming into power. Generally this celebration calls for a meeting of the Reichstag and a speech by Der Fuehrer.

Semi-official circles in London comment that this year there has been no indication of whether he will find anything to say when the anniversary arrives.

Empire Air Training Scheme

OTTAWA, Jan. 26 (Reuter)—Seventy officers and two hundred men of the R.A.F. have arrived in Canada to help in the Empire Air Training Scheme.

SQUATTERS HUT CLAIM HEARING

CONTRACTOR GIVES EVIDENCE

The squatters hut case, in which So Yee-koo, or So Chik-ning, of No. 8 Ladder Street, is claiming possession of a hut situated on Crown land in Tai Kokusui, Shumshuipo, from Tsang Hing Kee, contractor, of No. 1 Fook Chuen Street, on the ground that an agreement made between them for the purchase by the defendant of the superstructure had not been carried out owing to non-demolition of the hut, was continued before Mr. Justice R. E. Lindell in the Summary Court yesterday.

Plaintiff is asking the Court for a declaration that the agreement has, by defendant's default, been terminated, and also claims damages not exceeding \$1,000.

Mr. P. Y. Woo is acting for the plaintiff, while Mr. C. A. Sutherland Rusk is for the defence.

WAS FOR SALE

Tsang Hing, the defendant, giving evidence yesterday, said that Leung Shing, a mason, took him on May 11 to see the hut and told him it was for sale. He said it was on Crown land and would have to be demolished.

After demolition, said witness, the materials would be worth about \$120. He agreed to pay \$150, hoping that the Government would permit the hut to stand. He paid him \$100 to pay the owner. Leung Shing said next day that the owner had changed his mind and decided not to sell the hut.

After evidence was given by Leung Shing, the case was adjourned to noon on February 3.

ARGYLE STREET CAMP CASE

HONGKONG, JANUARY 27, 1940

PAST ZERO HOUR

THE AMERICAN-JAPANESE TREATY of Commerce and Navigation, signed in 1911, expired yesterday. What does this mean, and what effect will it have on future relations between the two countries and the entire position in the Pacific?

THE FIRST THING that must be borne in mind in answering these questions is the fact that the lapse of the treaty abolishes the mutual obligation which, by its terms, existed between the two parties, to give "most favoured nation" treatment to each other's trade. Moreover, Paragraph 338 of the U.S. Tariff Act of 1930 empowers the President not only to raise existing duties and impose new levies on previously tax-free articles coming from countries deemed to be discriminating against American interests, but also to institute special surcharges on all commodities carried by the ships of such countries, regardless of their origin.

CONSIDERING the economic relationship between the United States and Japan we see at once the extent to which these powers may be used to bring pressure on the latter. Japan imports from America 54 per cent. of the raw materials she needs for war. She sells to the United States 30 per cent. of all her exports outside the areas that she holds by the sword, and these sales represent perhaps her greatest source of foreign exchange. With the outbreak of the European war, she obviously anticipated that her commerce with America would increase, being accompanied by a corresponding shrinkage of economic intercourse with a British Empire moving towards belligerent autarchy. Accordingly, she took her currency out of the Sterling bloc and pegged it to the dollar, discounting in advance the adverse effect on her exports to the British countries of the falling rate of the Pound.

JAPAN'S CONFIDENT ADOPTION of this line, despite the fact that notice of abrogation had already been given by Washington, was based on the precedent of her American trade having acted as a heavy subsidy to her aggression in China through all the storms of public opinion aroused by that same adventure, and of her assurance that this state of affairs would continue. And indeed it did and, to an extent, still does.

does go on. Sales of raw silk and prices of that commodity have both boomed during the past few months. Japanese appetites were whetted, and the military even advocated the imposition of an export duty on the product (which enters the United States tax-free), thus raising further its price and, in effect, levying direct tribute on American consumer for the maintenance of their war machine.

IN ALL THESE FIELDS, Japan's vulnerability to retaliatory tariff legislation is almost unlimited. Popular sentiment and scientific progress in the manufacture of substitutes now both make it possible for America to impose prohibitive duties on, and finally, perhaps, halt altogether, imports of Japanese silk. By the institution of a tariff, Japan's war profits from the trade would be drastically cut, while much of the difference which is now used to purchase munitions for the war in China, would flow into the U.S. Treasury in the form of Customs revenue. Further surtaxes on goods carried in Japanese bottoms would strike at the shipping of the Island Empire, tear the initiative in Pacific economic warfare from its hands, and force Japan to trade on America's terms if she wanted to trade at all. We might even see a position where Japanese ship-cargoes by United States vessels to be able to sell at a competitive price. The present increase of American mercantile tonnage in the Orient points eloquently to the probability of an offensive along these lines.

THE SIX HUNDRED odd grievances lying in the files of the State Department should provide ample legal justification for such retaliatory measures, and the whole development of the "non-treaty" situation between the two countries will inevitably make it possible for the United States to deploy its gigantic economic power in the Orient to a greater extent than has ever been the case before.

Definite New Measures By Medical Department In Anti-T. B. Campaign

DEFINITE NEW MEASURES BEING ADOPTED BY THE MEDICAL AUTHORITIES IN THEIR FIGHT AGAINST TUBERCULOSIS IN HONGKONG were disclosed to the Hongkong Daily Press yesterday by the Hon. Dr. F. S. Selwyn-Clarke, Director of Medical Services, who outlined the propaganda work on which the Medical Department is embarking with renewed vigour.

Dr. Selwyn-Clarke told the pressman that he had in mind a certain sight in the New Territories where tuberculosis patients had progressed well and where a sanatorium and hospital would be built as soon as funds were available.

An Anti-Tuberculosis Association is being formed with the object of educating the public to the dangers of tuberculosis, to show the means by which every individual can assist in the prevention of the disease and to secure public support for measures calculated to assist in the discovery and isolation of tubercular cases in Hongkong.

The following persons have agreed to assist in the formation of such the association: Messrs M. F. Key, Wm. Yinson Lee, or Li Shu Put, Mr. Li Tse-fong, Dr. F. I. Tseung, Mr. F. H. Tyson, the Very Rev. Dean Wilson, and Mr. B. Wylie.

The Churches in Hongkong have agreed to assist in the campaign and at the services tomorrow the tuberculosis problem will be the subject of sermons. Dr. Selwyn-Clarke himself will deliver an address on the subject at one of the Chinese churches.

IMPORTANT STEP

An important step in the campaign is the intention to introduce legislation against spitting. Dr. Selwyn-Clarke said that it is not as hopeless a task as it may seem and quoted the North Point Refugee camp, who houses 1,500 Chinese of which 700 are children, as an instance of how people were cured of the bad habit.

At one time it was impossible to walk there without treading on sputum. Now, however, as the result of discipline and training there is not a sputum to be seen anywhere. The inmates of the camp have been trained to spit only into drains or other specially provided receptacles.

Early this month the Urban Council unanimously supported the D. M. S.'s desire to introduce legislation against spitting and as a result they have recommended to Government that section 3 of the Summary Offences Ordinance 1932 be amended to read as follows:—

Every person shall be liable to a fine not exceeding \$250 who, without lawful authority or excuse spits, in a public place except in a drain or water channel or in a public building or other buildings to which the public has access, spits except in a spittoon, urinal or lavatory.

PROPAGANDA WORK

The propaganda work being undertaken by the Medical Department will be as follows:—

Continuation of the anti-tuberculosis broadcast talks by the D. M. S. (in English) and by Mr. Ho Kam tong, O. B. E. (in Chinese); Bi-weekly talks on tuberculosis in the out-patient halls of Chinese public dispensaries with the consent of the Secretary for Chinese Affairs) pictorial posters etc.

Authority has been requested from Government to purchase a cinema film depicting a story relating to the cause and prevention of tuberculosis.

The senior medical students of the Hongkong University have volunteered to give short talks on tuberculosis in public places.

1,000 double-sided notices and 500 single sided metal plate notices with the following slogans have been ordered from China Can Co.:—

"Do not spit indiscriminately."

"To prevent the spread of lung diseases, please do not spit indiscriminately."

SLOGAN:

WAR WILL BE LONG AND HARD

LONDON, Jan. 26 (Reuter).—That the war will be a long and hard one was the view expressed by Sir Neville Henderson, former British Ambassador to Germany.

He said there is no doubt that victory will, in the end, be on the side of the Allies but the war will be long and there will not be a quick collapse of German resistance.

SPECIAL ISSUE OF MEIN KAMPF FOR SOLDIERS

Special to the H.K. Daily Press.
BERNE Jan. 26 (Havas).—It is reported from the Reich that a new special edition of the Mein Kampf, specially destined for the soldiers at the front, has just been printed.

Following this edition the total issue of Mein Kampf will amount to nearly 6,000,000.

SUPERSTITION & MALARIA: PRIMITIVE METHODS AND MODERN PROCESSES

The measures which once were taken by the Greeks and the Romans against malaria show a great similarity with the methods still now applied by primitive peoples: the charming of gods and demons, the taking of turtle-blood or crushed spiders, the wearing of amulets engraved with magic texts or tokens.

The inhabitants of certain Polynesian islands believe that the native magicians possess divine power and are able to ward off the malignant spirits who infect the human beings with malaria.

ELABORATE CEREMONIES
The performances of these magicians are usually accompanied by elaborate ceremonies. Some tribes explain illness as a state corresponding to the temporary absence of the soul. To cure a patient it is necessary to seduce the soul into coming back, and if one does not succeed in causing it to return of its own volition, then it must be captured and returned to its former owner.

IN THE CELEBES
In Celebes for instance the inhabitants of the coastal region are wise enough to take quinine on the advice of the doctors, but in the meantime they do not neglect sending miniature canoes loaded with rice, eggs, chickens and other foodstuff out upon the ocean in order to lay the malaria spirits.

What a striking contrast between these primitive methods against malaria and modern processes! But some day the magic formula of the conjurer, the ignorant sorcerer and magician will undoubtedly have to retreat forever before modern medical science which has presented important new evidences regarding the value of quinine against malaria.

On page 125 of its general report, issued in 1938 (English edition), the Malaria Commission of the League of Nations stresses the fact that among the antimalarial drugs, quinine still ranks first in current practice, by reason of its clinical effectiveness and almost complete absence of toxicity, coupled with the widespread knowledge of its use and dosage.

This same Malaria Commission emphasizes the value of the short quinine treatment, consisting of a daily dose of 15 to 20 grains of quinine for 5 to 7 days. As a preventive the Malaria Commission recommends a daily dose of 6 grains of quinine to be taken during the entire fever season.

British Ambassador's Appeal To Japanese Nation On The Asama Maru Incident Revives Further Indignation

TOKYO, Jan. 26 (Reuter)—Japanese indignation over the stopping of the Asama Maru was revived yesterday by the statement on the incident issued to the press by Sir Robert Craigie, British Ambassador.

The Foreign Office spokesman declared that Sir Robert Craigie had been "unfriendly in appealing to the Japanese nation before formally replying to the Japanese protest."

TRADE TREATY

Continued from Page 1

SANCTIONS NOW

Commenting on the expiration of the Japanese-American Treaty of Commerce and Navigation, the National Times predicts that during the coming treatyless period, the relations between the two countries will likely be further strained.

Japan will feel more uneasy in that period because she is dependent upon American war supplies to carry on her invasion in China. If the United States adopts a stronger attitude or actually institutes an arms embargo, Japan will feel the blow.

In the opinion of the Journal, now is the best time to apply sanctions against Japan. The possibility of Japan obtaining supplies from Britain and South America is slim, because Britain is herself at war, while South American States will not likely take a course different from that of the United States.

The Sing Tao Jih Pao urges the United States to impose an arms embargo against Japan and give further aid to China.

The Ta Kung Wan Pao, evening edition of the Ta Kung Pao, says that failing to negotiate for a renewal of the commercial treaty, or the conclusion of a modus vivendi, Tokyo is making a fuss over the Asama Maru incident. (Central News).

POSITIVE MEASURES

SHANGHAI, Jan. 26 (Reuter)—The expiration today of the Japanese-American Trade Treaty is the occasion for much press comment but the most outspoken editorial is contained in the Chinese-owned China Press which urges the adoption of positive measures by the United States Government as the only way to bring about a perceptible change in the Japanese attitude towards American interest in China.

Unless such measures are put into effect the abrogation of the Treaty will remain a futile, official gesture.

The newspaper states that during the six-month "probation" period from July 26, 1939, when the Treaty was abrogated until January 21, 1940, Japanese policy had showed no change.

The China Press continues: "It is our belief that another indefinite period of grace will not bring forth any appreciative change in Japanese policy towards American nationals and their trade interests."

JAPAN'S DEFENDENCE

WASHINGTON, Jan. 26 (Reuter)—Considerable significance attaches to the publication here of a long statement issued by Mr. Harry L. Hopkins, Secretary of Commerce, which shows clearly Japan's great dependence on the United States as a market for Japanese goods and to supply essential raw materials since the European war has disrupted a considerable portion of Japan's trade with Europe.

Thus the statement shows how Japan would be hamstrung should any development interrupt her normal commerce with the United States.

DISCRIMINATORY ACTION

Special to the H.K. Daily Press: WASHINGTON, Jan. 26 (Havas)—Commenting on the expiration today of the Japanese-American trade treaty, observers expressed the opinion that the United States does not intend to take discriminatory action against Japan although it is pointed out that America may decide on such action when it deems it advisable.

Meanwhile, Government quarters ridiculed the rumours which say that Britain had signed a secret agreement with Japan taking advantage of the strained Japanese-American relations.

The same circles also do not believe that Japan will abandon her present cautious attitude towards Russia.

Appeal To The Asama

AGITATION BY CHINESE TO EXPEL WANG

CHUNGKING, Jan. 25 (Central)—A movement has been initiated by patriotic Chinese in Shanghai to drive Wang Ching-wei out of China, says a Shanghai dispatch.

A joint telegram to the National Government is being drafted, denouncing Wang Ching-wei's secret agreement with Japan and pledging efforts to expel Wang from the country.

CONSPIRACY CHARGE

In an editorial on Tuesday, the Chinese American Daily News said that the publication of the Wang Ching-wei-Japan secret agreement made a startling revelation of his conspiracy against the State.

A GRAND IDEA!

TSINGTAO, Jan. 25 (Reuter)—The new Central Government of China, when formed, would "adopt" the constitution of Gen. Chiang Kai-shek's regime to avoid the possibility of trouble in obtaining recognition, stated Wang Ching-wei, in his opening address to the Tsingtao Conference.

TWO COURSES

He stated: "There are two courses open to us. 'The first is to form an entirely new constitution, which would be in the nature of a revolution, but which we shall not do. 'If we overthrow the present system, we will have trouble. We must, adopt it, change it slightly and remedy its weak points.

NO PARCELS FOR GERMANY BY U.S. POST

WASHINGTON, Jan. 26 (Reuter)—The Post Office has announced that no parcels for Germany or adjacent countries would be accepted for despatch by trans-Atlantic but air mail and ordinary letters will not be affected.

The announcement is accompanied by an intimation that the decision has been taken in accordance with the Neutrality Act.

SUMMER TIME
LONDON, Jan. 26 (Deuter)—In the House of Commons yesterday, Sir John Anderson, Home Secretary, announced that, after consultation with the French Government, it was decided that Summer Time should commence at 2 a.m. on Feb. 25.

Slovakia As Europe's New Storm Centre

BUDAPEST, Jan. 26 (Havas)—Despite persistent German denials, reliable information reaching here from Slovakia confirms the impression that big events are taking place there. More and more German military technicians are arriving in Bratislava and Presov.

The Germanization of the Slovak Army is going on rapidly and Slovak officers and non-commissioned officers are being retired and replaced by Germans.

Politicians here refuse all comment, as the meaning for the German concentration in Slovakia does not appear to be clear, but they express the opinion that Slovakia may well become the centre of a new storm for Central Europe.

ATROCITIES IN POLAND CONFIRMED

FORCED LABOUR FOR JEWS & POLES

LONDON, Jan. 26 (Reuter)—Confirmation of part of the Vatican City broadcasts of German atrocities in Poland is borne out by an account given to a neutral journalist in Berlin by one of two non-military people who were allowed to travel through the area since the war began.

FARMS ABANDONED

He spoke of the widespread devastation and said that most of the crops were left unharvested. Farms were abandoned because their owners disappeared.

In the hope of improving matters, the Nazis were enforcing compulsory labour on Poles and Jews. The attitude of the Poles is indicated in an article appearing in the official Nazi organ, Voelkische Beobachter, which, in reporting that fifty-three bridges had been repaired by German troops, says the workers were molested by Polish guerrillas, who were shot.

The workers repairing the communications, continues the paper, must also fight the element of sabotage. Many villages "had to be burnt down" because Polish snipers fired from them on German troops.

Warsaw, which was three-quarters damaged in the siege, is not expected to be rebuilt.

RED CROSS STEEPLECHASE PROBABLES

LONDON, Jan. 26 (Reuter)—The following are the probable starters and jockeys for the Red Cross Steeplechase which will be run at Leopardstown on January 27:—

Royal Danell (Moore), Southern Hero (Nicholson), Rockquill (Carey), Drumlagin (O'Grady), Bally Hopeful (Bissill), Goldscleugh (Marshall), Shaun Peel (Wade), Russ (Barrett), Lecygne (Foley), Birthright (Alder), Sterling Duke (Hyde), Swindon Glory (McNeill), Young Mischief (Isaac), Knockadroleen (Lennan), Dalmatian (Hamilton), Tomlin (O'Loughlin), Ashore (Doyle).

No jockeys have yet been assigned to Bally Hooley, Clare County, Jack Chaucer, Doughty, Knight of Venosa and The Lasher.

ANDRE MARTY SENTENCED

Special to the H.K. Daily Press: DUNKERQUE, Jan. 26 (Havas)—The Tribunal sentenced, by default, the former communist Deputy, M. Andre Marty, to five years' imprisonment, 10,000 francs fine and the privation of civic and political rights.

Thousands of Communist pamphlets, bearing his signature, have been discovered.

VIOLENT FIGHTING ON LAKE LADOGA FRONT

HELSINKI, Jan. 26 (Reuter)—A Finnish war communiqué states that in the Karelian Isthmus the situation is relatively quiet and activity is limited to reconnaissances and harassing artillery fire.

North of Lake Ladoga, the enemy continued their attacks all day and the most violent fighting occurred at Altojoki. The attacks were repelled with great losses to the enemy.

HEAVY LOSSES

On Wednesday night the enemy began to attack at Kollajoki. The attack was continued during the night with brief intervals and, before daybreak, it was finally repulsed.

As in the recent battles, the enemy again lost several hundred men.

PLANES FOR FINLAND

NEW YORK, Jan. 26 (Reuter)—The British Government has shipped 30 planes to Finland and more are expected in Finland soon, says the New York Times Washington correspondent.

It is stated that Anglo-French contracts in the United States made it possible for Finland to obtain the supplies.

The paper added that Britain is considering absorbing non-military supplies which Finland is unable to buy in the United States and that the British will give the Finns dollar credits with which to buy war supplies in America or elsewhere.

NO SUCCESS

HELSINKI, Jan. 26 (Reuter)—The Soviet attempt to get behind the Mannerheim Line, after five days of bitter fighting, was without success. The Finns continue strong resistance against the Soviet offensive.

U.S. CITIZENS TO LEAVE SWEDEN

STOCKHOLM, Jan. 26 (Reuter)—The United States Minister in Sweden has circularised American citizens in Sweden urging them to make arrangements to leave the country as soon as possible, placing special stress on the desirability of early departure of women and children.

The message is understood to be purely precautionary and to have been inspired by the Swedish defence measures following reports of German troop concentrations on the German Baltic shores.

CABLE NEWS IN BRIEF

BERLIN, Jan. 26 (Reuter)—The Nazi pocket-battleship Deutschland is to have her name changed.

The German High Command announced on Wednesday that she will be re-named the Luetzow, because the name Deutschland is to be reserved for a bigger ship.

LONDON, Jan. 26 (HVS)—After his visit to the Canadian troops yesterday, the following note, authorised by the King, appeared in the Divisional Orders: "His Majesty was pleased with what he saw. He was greatly impressed by the smartness of the troops, their excellent drill and steadiness on parade."

LONDON, Jan. 26 (Reuter)—An Air Ministry statement states that a British reconnaissance plane operating from an R.A.F. base in France has not returned. A German communiqué states that a British machine was shot down in a dog-fight near Duisburg in the Rhineland.

LONDON, Jan. 26 (Reuter)—The extreme cold has reduced activity on the Western Front but patrols are being carried out as usual, according to a French communiqué.

LONDON, Jan. 26 (Reuter)—Reports reaching the Admiralty indicate that two further neutral ships were sunk in the North Sea yesterday, by mine or torpedo, but no details are available.

'PLANE FARES' RAISED

CHUNGKING, Jan. 26 (International)—The single-trip fare on Eurasia planes between Chungking and Hongkong has been raised from \$800 to \$760 national currency, it is learned.

The fare now between Chungking and Kweilin and between Kweilin and Hongkong is \$380 national currency each way.

STRICT NEUTRALITY FOR

GARDEN BRIDGE INCIDENT

JAPANESE STOP S.M.P. VANS

SHANGHAI, Jan. 26 (Reuter)—Municipal Police riot vans were prevented by Japanese military sentries from crossing the Garden Bridge, connecting the International Settlement proper with Hongkew, this afternoon.

The Municipal Police authorities had previously informed the Japanese authorities that they were sending 52 men to a British-owned tobacco factory in Yangke-poo owing to a strike there.

According to the Japanese spokesman at this afternoon's press conference, the vans were stopped as the police were armed with rifles which were prohibited in the occupied areas.

It is understood the matter has been amicably settled and the vans later crossed the bridge.

NAZI PLANE DRIVEN OFF

LONDON, Jan. 26 (Reuter)—A plane, believed to be German, appeared high over the Thames Estuary yesterday and was driven off by anti-aircraft fire. It climbed out of sight, leaving a trail of smoke behind it.

HOLLAND EMPHASIZED

NO OBLIGATION TO TAKE PART IN THE WAR

AMSTERDAM, Jan. 26 (Reuter)—The determination of the Netherlands to adhere to strict neutrality was expressed in the First Chamber by the Dutch Foreign Minister on Wednesday.

"Whoever takes up arms against the Netherlands will be met by armed force," he said. "Military precautions were necessary when foreign forces were near the frontier and the country took these on all sides."

MORAL VALUES

He deplored the light-hearted way in which possible attacks on neutrals were discussed, because this denuded moral values.

Hopes that the League of Nations might take on a new life were not yet exhausted, he said. There was no moral or juridical obligation on members, as neutrals, to take part in the war.

WASHINGTON, Jan. 26 (Reuter)—President Roosevelt has nominated Mr. Louis Compton to be Assistant-Secretary to the Navy, in succession to Mr. Charles Edison, who was appointed Secretary to the Navy last month.

CATHOLIC NEWS & NOTES

"GOOD PRESS DAY" IN HONGKONG: PATRIOT OF CATHOLIC WRITERS

TOMORROW IS "GOOD PRESS DAY" IN HONGKONG. THIS IS A DAY SET ASIDE FOR DIRECTING SPECIAL ATTENTION TO BOOKS AND PERIODICALS RELATING TO CATHOLIC THINGS.

Special sermons are preached in the churches, a special service is being held in the Catholic Cathedral at 4 o'clock, and a paper printed for the occasion, "THE C. T. S. NEWS," is being distributed outside the Catholic churches.

"C. T. S." stands for "Catholic Truth Society," an organization for the diffusion of Catholic literature which was founded in Hongkong four years ago and has been responsible for the production and distribution of hundreds of thousands of pamphlets and leaflets within these years.

The work of the Catholic periodical press is represented in Hongkong by the Kung Kuo Po in Chinese and the Rock in English both monthly publications. The Catholic press does not enter into competition with the ordinary secular press and avoids overlapping with it by not undertaking the printing of ordinary news such as belongs to the daily newspapers.

Its aim is to give information on Catholic things that is needed by ordinary Catholics and is of interest to others as well, and to give the Catholic point of view in connection with the more important events of the day.

CATHOLIC WRITERS
The particular date of "Good Press Day" was selected because of its proximity to the feast of St. Francis of Sales, (29th) who is the Patron of all Catholic writers. He was Bishop of Geneva at the beginning of the sixteenth century and is a Doctor of the Church. His written works fill five quarto volumes. As a writer he is a worthy model because of his zeal, sincerity, effectiveness and great charity.

The last-named quality was his outstanding one. He has been called the "Gentleman Saint" because of his unfailing courtesy and gentleness of character. He was never known to say or write anything that would give pain, though at the same time he was unflinching in his devotion to truth and led countless persons to the practice of a better life.

ON THE SEAS
The most remarkable naval incident so far of the present war, the encounter with the "Graf Spee," brought into prominence a very gallant Catholic Naval officer, Commodore now Rear Admiral, Sir Henry Harwood, who was in command during the engagement and received the first war knighthood in recognition of his achievement. He has already had a distinguished career in the Navy, and received the O.B.E. at the end of the last war. His two sons who are at a Catholic school in Sussex, both want to follow their father by entering the Navy.

Another Catholic in charge of a ship had a less fortunate experience shortly before the destruction of the "Graf Spee"—Captain P. G. Dove, Master of the "Africa Shell" who was taken captive by a German warship when his vessel was shelled and sunk.

During the last war Captain Dove was a young officer on a vessel forming part of a convoy when it was attacked by a German submarine. The convoy scattered and the ships escaped, but his ship had an unpleasant experience. It took on water at Dakar, on the West African coast, and the water turned out to be infected with the result that most of the officers and engineers contracted blackwater fever.

It was only with great difficulty that the ship was brought to Plymouth, where the sick men were brought to the Plymouth Naval Hospital.

Captain Dove was not expected to recover and his brother, Fr. J. Dove, now rector of St. Hugh's, Letchworth, gave him the last sacraments. It was some years after his recovery that the same brother officiated at his marriage.

CATHOLICS & "PUNCH"

The death of Cyril Bretherton removes the well-known pseudonym "Algo" from the pages of Punch. He was a writer of brilliant light verse, and the regular author of the "Essence of Parliament" made famous by "Toby, M. P." (Sir Henry Lucy).

Mr. Bretherton was a barrister and practised in the United States courts before he abandoned the law for journalism. He used to conduct "Peter Simple's" miscellany in the Morning Post. A son of his follows the same profession and is on the staff of the Daily Mail. He was one of the lucky survivors from the "Lutetia" in the last war.

Britain's
Agricultural
Resources"L.G." URGES NEED
FOR ORGANIZATION

LONDON, Jan. 26 (Reuter).—"Every scrap of land ought to be conscripted in the fight for freedom," declared Mr. Lloyd George, in the course of a debate in the House of Commons, on agriculture, in the course of which Mr. W. S. Morrison, Minister for Food, justified the Government's policy in concentrating on the storage of wheat and stated that the supplies of feeding-stuffs for animals had now been raised to sixty-six percent of normal requirements.

He added that he did not think it reasonable to expect that full pre-war supplies of feeding-stuffs could be maintained in wartime and urged the utmost economy overseas in feeding-stuffs.

"L. G.'S" APPEAL

Mr. Lloyd George, declaring that British agriculture and the carrying capacity of British ships had largely declined compared with 1914, urged the Government to organise its resources on the assumption that it was going to be a very long struggle.

He added that if it was a short one, we should gain by the saving for two or three years.

STOCK EXCHANGE
QUIETER

LONDON, Jan. 26 (Reuter).—The Stock Exchange was quieter, with gilt-edged reacting slightly on profit-taking, while Home Rails were irregular.

Industrials, however, tended to improve. Amongst commodities, Shellac was active and higher on renewed trade and investment buying. Wall Street was firm.

EXPANSION BILL

WASHINGTON, Jan. 26 (Reuter).—The Naval authorities announce that by limiting the financial authorisations recently granted under the Naval Expansion Programme to vessels which the Navy could in two years, the sum of \$200,000,000 could be cut from the proposed \$800,000,000 Expansion Bill.

"Free China"
Exports To
AmericaBIG INCREASE
IN 1939

CHUNGKING, Jan. 26 (Reuter).—Exports from "Free China" to the United States for the first eight months of 1939 were higher than for the entire year 1938. It was officially announced by the Ministry of Finance yesterday.

SPECIAL SIGNIFICANCE

The increase was said to be specially significant, as most of China's foreign trade in 1939 was carried on overland routes, as a result of Japan's blockade and occupation of coastal ports.

The figures for 1939, it was stressed, do not include Free China's exports to Hongkong and Haiphong, a large portion of which was later sent to the United States.

NEW YORK COTTON

Trade buying and better domestic political news were offset by foreign selling.

NEW YORK RUBBER

There was some factory buying for actuals. Dealers, however, were selling distant positions. Uncertainty with regard to the latest Anglo-Japanese developments caused freer Eastern offerings here.

CHICAGO WHEAT

Export demand is lacking, the foreign markets are easier and new demand is poor.

CHINESE DERBY MATCH WILL BE MAIN SOFTBALL FIXTURE. KEEN RIVALRY: LADIES' GAMES

BY "R.O.Y."

The Chinese Derby match, between the Canadian Chinese and Chung Hwa, will be the main item in tomorrow's curtailed softball programme, and is expected to provide excellent entertainment for the fans who turn out at the C.B.A. ground in the afternoon. The Ladies' matches will be played, as usual, in the morning and will commence with the Recoelo-Cardinals clash on the former squad's ground at 10.30.

The Ramblers have showed inconsistent form this season, but are unlikely to be troubled by the Redbirds who have been most disappointing to their supporters as well as to their mentor, "Doc" Molthen.

On the Prince Edward Road ground, the Cubs tangle with the Baby Panthers at 10.30 or thereabouts, the game having been put forward owing to the postponement of the Wildcats-Ball Club fixture. The Panther Kitties are the surprise packets of this year's campaign, having apparently been pepped up by Melvy Campos' heavy slugging, and have put up some grand displays against much stronger opposition than the Bruins are likely to offer. "Papa-Bear" Smith had pinned his hopes for getting out of the cellar, on the return of the Chang sisters, Ada and Yana, but now that they're not coming, it's even money on the Cubs or Cardinals for the Wooden Spoon.

PENNANT IN HAND
The only other girls' game, down for decision, is the fracas between the Canadian Chinese and the Pirates. After dropping a close one to the Wahoes, the Maple Leafs have won convincingly at every start and appear to have the pennant well in hand. The Buccaneers have been playing mediocre ball, as their league standing indicates, and a win here is hardly probable.

The Men start off with the Recoelo Aces in action against the Trojans at noon. The latter are in no danger of being landed with the booby prize but cannot expect to do any climbing at the expense of the league champions. In the opener on the C. B. A. ground the Ball Clubbers will probably start all their reserves against their stable-mates, the International Athletics, and even then run away with the honours.

For two of our best known local pilots, the second game will be the most important of the season. Having threatened each other with dire happenings when their teams should meet, Kenny Wong and Emil Porter will go to work on their respective squads, the English Forerunners and the Machine Gunners, in a frantic effort to make good on early season promises.

From this corner, it looks as though Sgt. Major Porter will

eat humble-pie tomorrow, despite the Emma Gees' recent improved showings. The Forerunners, though, are one of the most erratic squads in the league and this gives the "cellar champs" a ray of hope.

SPEED-BALL KING

In the nightcap, the experienced Chung Hwa aggregation will endeavour to down the Canadian Chinese who have hung on to second position, with seven wins and one defeat, mainly through the effective hurling of Herbie Quon local speed-ball king. The Chung Hwa boys are in the fourth slot, having lost to Recoelo Aces and Ball Club, and will fight all the way to regain their standing as the premier Chinese squad in the local competition.

Rivalry is particularly keen and fans can expect to see the fur fly when these squads go into action.

HONG SECTION

Also affected by the Volunteer camps, the Hong section will stage only two games which will be played on the Murray Parade ground. The opener, of this double header, will see the Union Insurance opposed to the Lacas gang. In what should be a real battle, Unions are reputed to have one of the best teams in the Hong league but their opponents have a better record and should just about do it.

Cables clash with American Express in the nightcap, and should register their fifth straight win without any difficulty whatsoever.

INTERESTING LECTURE

Optical Methods Of Measuring Distance

"Optical Methods of Measuring Distance" was the subject of an interesting lecture delivered by Professor F. A. Redmond, B. Sc., D. I. C., F. G. S., Professor of Civil Engineering, at the University of Hongkong, before a large gathering of members and friends at the Institution of Engineers and Shipbuilders of Hongkong, yesterday evening.

The lecturer, in his introduction, pointed out that his subject, was of special importance in two fields, namely in the peaceful one of range-finding. It was also of some interest to photographers. Being a civil engineer he was naturally more interested in and conversant with the use of optical methods in surveying and proposed to deal more especially with this aspect of the subject which is technically known as "tachometry."

He explained at some length the advantages of employing optical methods especially in difficult country, like Hongkong for example. The special feature of tachometry was that the "line of measurement" lay wholly in the air and was therefore unaffected by the roughness and unevenness of the earth's surface which made direct measurement with a tape or chain so slow and inaccurate (or even impossible).

LEVELS OBTAINED

Another feature was the rapidity with which not only the distances but the levels of observed points can be obtained. "Actually," he added, "if the accuracy obtainable with tachometer were of a high order the art of surveying would be revolutionised."

He then proceeded to demonstrate with the aid of diagrams the principles, optical and geometrical, of three of the more successful systems or methods of tachometric measurement, which are known respectively as the stadia, sub-tense and tangential methods, and dealt briefly with their special applications in practice.

The concluding part of the lecture was devoted to a brief description of the Barr and Stroud Range Finder which was officially adopted by the British navy in 1893. Of various patterns and sizes, ranging from the small portable instruments of 12-inch base to the huge coastal-battery instruments with bases of 100-ft., the "Barr and Stroud" meets almost every demand of the army, navy and anti-aircraft defences for a rapid and accurate means of determining the range of the enemy.

PASSENGERS

There were no passengers disembarking from an American liner that touched at Hongkong yesterday, but of the 125 travellers on board a 105 were bound for Manila, these comprising the families of U. S. Naval officers stationed in the Philippines, and also several officers recently transferred to the Islands.

Among those on board, Mr. and Mrs. Benjamin Brandt were the only two who were making the round the world trip. Among the passengers for Singapore were Mr. H. Nobel, Mr. H. Bakenham, Mrs. Dobinson and Mrs. Toome. Bound for Penang were Lady Anne Noble, accompanied by her secretary.

Bound for Colombo is Dr. M. Krishna Memon who is returning home after a sojourn in the United States as a research fellow in Syphilology with the Rockefeller Foundation.

Arrivals in the Colony yesterday by a Dutch liner from Shanghai included Mr. O. C. Lockhart, of the Salt Administration, with Mrs. Lockhart, Mr. J. G. McCarthy, of the President Line, with Mrs. McCarthy, and Mr. M. Helmendinger, of Philco Radio, with Mrs. Helmendinger.

ler, D. S. Carey, G. E. R. Divett (Capt.), B. I. Bickford and R. A. Bates.
